## EXPERIENCE

### DMS Innovations — Full-Stack Developer

NOVEMBER 2022 - PRESENT

Full-stack development of ORA DMS, a cloud-deployed SAAS for the automotive industry. In addition to implementing new features, I have been prominently involved in translating the React front-end from JavaScript to TypeScript and improving back-end PostgreSQL database communication.

### Brisbane Motorcycles — Director of IT & Ecommerce

NOVEMBER 2021 - NOVEMBER 2022

As my experience grew, I took on:

- development of in-house technology with Dart, Python & JavaScript running on AWS EC2 instances, translating various API feeds into a practical lead management experience.
- management of IT infrastructure, intellectual property and AWS deployment of self-hosted 3CX telecommunication.
- Ground-up creation of Riders Market & Sydney City Motorcycles websites + marketing management for both, alongside Brisbane Motorcycles.

### Brisbane Motorcycles — Product Database Manager

DECEMBER 2020 - NOVEMBER 2021

Regulated product metadata with Python utilising Pandas, Selenium and Cron, in addition to ecommerce web development to ensure a smoother customer experience.

### Wesley Mission Queensland — Keeping Connected Team Member

APRIL 2020 - JULY 2020

During the COVID-19 pandemic, I assisted WMQ with keeping aged care residents connected to their families in unfamiliar times.

## EDUCATION

### Queensland University of Technology — Bachelor of IT (Computer Science) / Bachelor of Business (Marketing)

FEBRUARY 2017 - DECEMBER 2020

Graduated with a GPA of 5.5 and awarded placement on the Dean's List.

## SKILLS
